Professional Summary

Versatile Front-End Developer with strong expertise in React, JavaScript, and TypeScript, combined with hands-on experience in backend development using Node.js, Express, and REST APIs. Skilled in building responsive, scalable, and user centric web applications. Experienced with Python for scripting, automation, and backend logic. Known for writing clean, maintainable code, optimizing UI performance, and delivering polished solutions that align with modern development standards.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, Python, Java

Frontend: React.js, Tailwind CSS, Responsive Design, UI/UX, Component Architecture

Backend: Node.js, Express.js, REST APIs

DSA: Arrays, Strings, Hash Maps, Basic Algorithms, Time & Space Complexity

Tools: Git, GitHub, VS Code, Postman, Vercel

Soft Skills: Problem-Solving, Communication, Teamwork, Adaptability

Projects

Pipeline Builder

Developed a workflow builder interface to create and visualize automated pipelines.

Implemented custom UI components and integrated Node.js APIs.

Tech: React, JavaScript, Node.js, Express

GitHub: <https://github.com/Deshishiva/pipeline-builder>

Shop – E-commerce Application

Created a fully responsive e-commerce UI with product listing, filters, and cart functionality. Built modular components and improved UI performance.

Tech: React, JavaScript, Node.js

GitHub: <https://github.com/Deshishiva/shop>

Investment Calculator

Designed a financial calculator that computes investment growth dynamically. Focused on clean UI, responsive layout, and efficient state management.

Tech: React, JavaScript, HTML, CSS

GitHub: <https://github.com/Deshishiva/investment>

Education

Bachelor of Technology:

Jawaharlal Nehru Technological University.

Diploma Engineering:

Jayaprakash Narayana college
and engineering.
